

KDHE Efforts Benefit Project Topeka

*By Lori Strunk
HR & Service Quality*

Another KDHE fundraiser for Project Topeka is off and running. Kristi Coffman, Bureau of Consumer Health, is offering scented candles for sale. These candles come in a multitude of fragrances. Candle Scents also come in Lotions or Sprays – a great gift for Mother's Day.

Stop by BCH, Suite 200, and check out the selection to benefit Project Topeka. Also, come to the First Floor Break Room April 2, 5 or 16 from 11:15 a.m. - 12:30 p.m. to make a purchase and help out Project Topeka.

Again, KDHE employees demonstrated their caring nature by surpassing 2003's campaign efforts this past year. During 2004's fundraising events, KDHE donated almost 10,000 pounds of food to local food pantries, 15 percent more than 2003, and raised slightly more than \$6,000 in cash donations.

A special thanks to some of the larger fundraisers:

- CHES – \$2,100
- Waste Management - \$2,100
- Environmental Remediation - \$620
- Epidemiology & Disease Prevention - \$220

Thanks everyone for supporting Project Topeka.
